

In Solemn Union With The Immutable Natural Laws of our Creator,
September 11, 2021.

An Irrevocable Declaration of Independence

of the Sovereign Individuals from the Corporation of
THE UNITED STATES and the Corporation for the District of Columbia.

When in the course of historical events (whether based in actual facts of objective reality or manufactured fictions told for the purpose of blatant deception), it becomes necessary for an enlightened cooperative of a Nation's people to dissolve the political bands and structure which have illegitimately bound them to one another in an act of constructive fraud from birth; and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature's God entitles them as their birthright, a decent respect to this understanding among all of the human species requires that they should declare the causes which overwhelmingly impel them to the separation from such an entity which wholly embodies an egregious miscarriage of truth, justice, and common decency.

Thus, We hold these unchallengeable truths to be self-evident, that all men and women are created equal, that they are endowed from birth until their demise by their Creator with certain inalienable Rights; that among these are Life, Liberty, and the Pursuit of Property, Abundance, and realization of our full potential as human beings in this shared realm of existence. That to secure these Rights, Public Service Administrations are instituted among the populations, deriving their responsibilities from the consent of the People who have proven themselves to be of sound mind, intellect, and character. That whenever any form of Public Service Administration (or individual Administrator) becomes destructive of these ends, it is the Right and Sacred Duty of the People to alter and/or completely abolish it, and to institute a new societal management system, laying its foundation on such principles and organizing its responsibilities in such for, as to them shall seem most likely to affect their Safety, Happiness, Prudence, and ability to engage in open and unfettered Free Markets of economic exchange.

In light of historical events that have shown governments around the world to repeatedly violate their purposes, founding documents of institution and restraints, and the very laws that were implemented to hold their powers in check; experience has shown that humanity are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long, never-ending and increasingly draconian train of abuses and usurpations has shown that the logical and obvious outcome to be a path of complete despotism and eventual loss of all individual free will, it is their right, it is their duty, to throw off such government, and to provide new Guards for their present and future security. Such has been the patient and generously tolerant sufferance of these 50 United States and Territories; and such a time has come to which it has become far beyond a necessity to alter all current forms of Government. The true history of the present Government administration, from the highest officials in elected office, to their political appointees, and all the way down to the local school boards is a proven and documented trail of repeated injuries and usurpations; all having in direct object the establishment of an absolute tyranny over these States and its People. To prove this, let Facts be submitted for a curious and awakening world to see for themselves.

It has allowed for the perversion of the Natural Laws from which its charter was founded and created a system of purposely confusing legalese by which to unlawfully usurp the wealth and energy of the people of this nation and to enslave its population.

It has violated nearly every single provision of its organic Constitution by forfeiting its duties to entities foreign to the government and its initial charter. In addition, it has allowed all 10 planks of the Communist Manifesto to be implemented in this Republic under its watch and, most disturbingly, with its enthusiastic and duplicitous blessings.

It has engaged in a series of illegal wars of aggression for the purposes of allowing the corporations which have been allowed to hijack many of the reins of power initially bestowed specifically to the elected leadership; to profit from the overthrowing of foreign governments for the purpose of raping and pillaging said nations of their natural resources for a fraction of their true and Natural market value while enslaving the natives of said nations to extract these natural resources for pennies on the dollar.

It has allowed the organic Constitution for the united states of America to be replaced with an illegitimate corporate constitution for the purposes of allowing foreign actors to gain control over the business of the nation. This alone amounts to the highest form of Treason.

It has allowed for the complete perversion of science in the name of scientism, a chimeric monstrosity of corporate funded and controlled, pre-determined conclusions by using pseudo-scientific and unproven theories which have prematurely cost the lives of untold millions of innocent Americans.

It has virtually eliminated Health Freedom and the ability of the public to access the information to create informed consent by censoring and destroying the lives of many good doctors and scientists over the generations who have sought to reveal the truths about health and how the body truly works and heals itself with proper nutrition.

It has created via false flag events and media controlled, government agency run psychological operations, a militarized police state that does not protect and serve the People of this nation, but rather protects the illegitimate power structure which has risen in place of the governmental design laid out in the organic Constitution; as well as to terrorize innocent and virtuous Americans simply exercising their fundamental and unalienable Rights.

It has created a system of maritime and admiralty law that violates all maxims of Common and Natural Law and has defrauded the entire nation into agreeing and signing onto adhesion contracts by withholding the full terms of the agreements. This amounts to constructive fraud and is not only dishonorable, it is premeditatedly criminal beyond redemption.

It has created a system of taxation that unlawfully steals the wealth of its People by taking their income before they are even allowed to access it and enjoy the fruits of their labor by deciding where to spend their hard-earned money of their own free will and accord.

It has done this by unlawfully giving away its most important power of creating and regulating the value of money to private entities in 1913, in violation of original Constitutional provisions. By doing so, it has indebted this nation to ultra wealthy criminal classes who have systematically created boom and bust cycles so as to steal the wealth of our nation by buying up control of our markets, resources, and property every time it purposely manufactures another collapse.

It has illegally experimented on its own citizens with numerous radiological and other toxins, experimental drugs, and harmful chemicals without our informed consent or approval, in complete violation of the Nuremberg Code and Laws of Nature.

The lies it has told its citizens over the decades and generations are beyond legendary and documented in dozens to hundreds of books written by insiders and investigators over the years. It has done so to gain more and more unbridled power and control of the people by purposely deceiving them. This is a primary violation of Natural Law and will no longer be tolerated whatsoever.

It has hijacked the education system, implemented a compulsory government indoctrination system of schooling and in the process, destroyed the very essence of what it means to be educated and considered intellectual. By doing so, it has purposely dumbed down generations of Americans for the express intent of letting our Nation be eventually taken over by a centralized government of unelected bureaucrats and corporate stakeholders and the implementation of a Communitarian, collectivist society.

It has allowed media to be hijacked by corporate entities and works in conjunction with what was once considered to be the fourth estate to purposely deceive and gaslight the entire population in order to manipulate them into making decisions that are always against their best interests.

It has created a number of bureaucratic agencies that operate in violation of the original intent of the Constitution and impose unlawful and illegitimate power over the People of this nation via color of law, codes, and mandates.

It has made the ability of the people to redress and be compensated for their grievances next to impossible and far beyond the ability to pay or in a reasonably timely manner. The people's voices are constantly and consistently ignored in lieu of agendas set by powers unelected by the People of this nation.

It has gradually, systematically, and premeditatedly chipped away at the Natural Rights of the People for whom it supposedly 'represents' in complete violation of their oaths.

It has signed our nation on to treaties with other nations and Non-governmental organizations that violate the very meaning of scientific method, have no connection to objective truth or reality, and partnered with known criminals and organizations in the destruction of our society and way of life.

It has allowed the illegitimate influence of Non-governmental organization to have unelected power over decisions that should be made solely by chosen and respected representatives of the People, or directly by the People themselves.

It has allowed for a corrupt and deceitful lobbying entity, via bribery and cronyism, to not only influence vital legislation, but to actually write in whole, bills that negatively affect millions of People while enriching the corporations who reap the benefits of a public not fully informed enough (by design) to give their consent to such nonsensical, draconian, and impossibly cognizant laws.

It has allowed for elected representatives to personally enrich themselves at the expense of the People by illegitimately authorizing back-room deals, insider trading, and numerous illegal ways of creating wealth that if an average citizen were to do the same, would put them in prison for years. The hypocrisy of this system is astounding and nearly incomprehensible.

It has become a complete mockery of what the Republic stands for, is the epitome of hypocritical in the rhetoric it spews to the People and deceitful to the extent that most elected officials could and should be held accountable for the highest of crimes, misdemeanors, and ultimately, Treason.

It has made a complete joke of the election system by allowing private corporations to manipulate elections with highly questionable voting machines, easily and provably hackable software and hardware designed to flip outcomes to whomever the true controllers want in positions of power and control. It has made it impossible for the People of this nation to ever trust another election or verify if those supposedly elected are even in positions of legitimate power because of all the discrepancies, gaslighting and media coverups.

It has falsely and criminally perpetuated perhaps the greatest fraud known to mankind in its continued and relentless propagation of the hoax known as COVID-19. It has never once shown proof of the existence of any contagion, nor proven the disease exists. It has used knowingly fraudulent PCR amplification tool as a means to create the illusion of a fictional pandemic that has completely devastated the economy and people of this nation so that this country could be brought to its knees and ushered into the Fourth Industrial Revolution, The Great Reset, and Sustainable Development Goals for 2030, which would eventually enslave every single individual of not only this nation, but the entire world.

It has again violated the Nuremberg Code by allowing millions of its citizens to be injected with a dangerous and untested mRNA gene altering concoctions, that as of this writing has knowingly killed over 13,000 innocent Americans already.

The list is virtually endless of the number of transgressions in which it has engaged against the people of America, in complete violation of its founding documents and rule of law and, thus, the Rights and Duties of the People of this nation compel us to abolish and replace this government, remove from every position all of its "representatives," and eliminate in total, its entire structure, power and any shred of legitimacy.

It engaged in a blatantly obvious coup d'état in the election of 2020 by installing a completely illegitimate Executive administration as well as Legislative branch while also installing many biased judges in positions of power around the nation and even in the Supreme Court. It is a fully illegitimate government not authorized by any form of valid law, majority of the People or the original, organic Constitution of this Nation. Thus, it has no legitimate authority to remain in power and must be abolished.

In every stage of these Oppressions, The People have Petitioned for Redress, had legitimate legal cases thrown out as “frivolous” by a captured and corrupted court system, and we have done so in the most humble and patient of terms. Our repeated Petitions, protests, and demands for real justice have been met with repeated arrogance, injury, and rejection. A system of governance or societal management which operates under a character which in every way defines a tyranny is unfit to remain solvent and the “ruler” to retain any power whatsoever over a free people.

We, therefore, the individual Sovereigns of the United States of America, in general and unanimous agreement, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of this nation, solemnly publish, sign, and declare, That these United People of sound mind and conscience are, and of Right ought to be Free and Independent Sovereigns domiciled in the Independent and Free State of our own free will to choose; that We are absolved from all Allegiance to the Corporation known as THE UNITED STATES and of The Corporation of the District of Columbia, and that all political connection between Us and the corporate entity created in 1871 to illegitimately replace the original and organic Constitution for the united states of America, is and ought to be totally dissolved; and that as Free and Independent Sovereign individuals, We have the right to create, institute and implement a new form of societal management system which abides by and honors Natural Law and that any form of **government** should never be allowed ever again.

In doing so, I am united with the cooperative of millions of other Sovereigns in Declaring my Independence from the aforementioned entity and fully support the creation and implementation of a new society and to the Natural Law Republic of the United States of America which is to be instituted by sheer will and collective action of the People of this great nation. And for the support of this Declaration, with firm reliance on the protection of Divine Providence, I mutually pledge to and with all other individual Sovereigns of this nation, my Life, my Fortune, and my Sacred Honor.
